THEN AND NOW

Are you a "news hound?" Do you like to watch new talk shows or listen to political debate? Do you like to engage others in discussions of politics? Why? In these uncertain times, many people find comfort in a world view that divides people into opposing camps. Us vs. them. Conservative vs. liberal. Those on the right concern themselves with preserving timeless, almost eternal values to enrich life today. Those on the left desire to liberate the oppressed from the prejudices of the past and give them their just due. So, the political and cultural fault lines are drawn. The past is a sure guidepost to the present. The present is the moment to free us and ensure a glorious future. This might be a crass way to see the world. But, it makes for interesting politics and boosts ratings for cable news networks. Once in a while, dwelling in the past does fog our openness to what confronts us. Spirituality is more than cherishing tradition. This

was the message Jesus gave to his audience: "Don't merely look to the past for answers. Look to me!"

CAMPUS WALK

Our Lady of Wisdom is celebrating 100 years of Campus Ministry at

Texas State and we invite you to come and celebrate with us at the Centennial Walk on Saturday August 29th! We will begin with a Mass of Thanksgiving at 8am and then join together for a walk thru campus. All are invited and welcomed!

GOSPEL REFLECTION

The people wanted to see a sign (miracle) from Jesus. They wanted manna yet they had something greater than manna right in front of them and did not see it. Do you give time to pray in Jesus' presence, who is fully present in the Eucharist, in front of the tabernacle or at adoration?
